CONTINUING EDUCATION CREDIT

Physicians: The Philadelphia College of Osteopathic Medicine is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians.

The Philadelphia College of Osteopathic Medicine designates this program for a maximum of Twelve Hours of AOA Category 1-A credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

PARKING

On-campus parking is available in our garage, please enter on Stout Road. All-day parking is \$5.00. Please note: the automated gate takes quarters or one, five and ten dollar bills. The garage is now equipped to receive credit card payments (Visa, Master Card and Discover) at the two exit gates.

Additionally, receipts are now available for those paying by cash or credit card. Enter Evans Hall through the front entrance across from the parking garage.

FEE POLICIES

Physicians \$425.00 and Residents, \$325.00. Registration fees for Friday and Saturday programs are not refundable, nor can they be credited to future programs.

HOTEL RESERVATIONS

If you need to make a reservation, contact the Hilton Philadelphia City Avenue (located next door to PCOM) at (800) 445-8667 for the PCOM (Client ID#2681401) preferred room rate of \$139.00+ tax.

Any other questions, contact Jennifer Woodeshick, Sales Office at (267) 969-3016.

You can also contact the Courtyard Philadelphia City Avenue located at 4100 Presidential Blvd. (one block from PCOM). The PCOM rate may be booked by calling 24-hour Marriott Reservations line at 888-236-2427 and ask for the "PCOM rate" of \$144.00 plus tax, based upon availability. Complimentary wireless internet access and parking. Any other questions, contact Terry Abell, Sales Manager, (215) 220-6411.

EMERGENCY MESSAGES

Call CME office at (215) 871-6348.

**STILL TECHNIQUES FOR THE SPINE, RIBS AND
PELVIS: ADDRESSING KEY DYSFUNCTIONS AS
WELL AS DIAGNOSING AND TREATING WITH STILL
TECHNIQUE OMT**

DESCRIPTION

This 12-hour course will introduce Still Technique, place it in historical perspective, and teach physicians how to diagnose and treat with this efficient and effective osteopathic manipulative method. The course will address treatment strategies, as well as teaching techniques, including how to identify the key dysfunction. This course will be appropriate for physicians new to Still Technique, as well as refining and updating techniques for those who have been using it for years.

We are fortunate to have the doctor who developed this method into a systematic approach as the primary faculty for this course; Dr. Van Buskirk will teach us the basic technique as well as recent revisions that he has made to enhance further the effectiveness of this method.
