

We Said Yes to PCOM!

"I thank all of you who contributed last year and hope you will join us in giving back to your College this year. I remain committed to our alma mater and am honored to serve as Chair of the Development Committee for the PCOM Board of Trustees to help bring the College to new levels in philanthropic support."

– Steven Blake, DO '89, MSC
PCOM Board of Trustees
Chair, Development Committee

"A true commitment to education extends beyond our own learning. As alumni, we demonstrate this by supporting the learning of others. Giving makes a difference."

– **David Poponi, PsyD '09**
School Psychologist,
Overbrook High School, Pine Hill, NJ

"My experience at PCOM was great. I was part of a special family, so special I came back. I also contribute to PCOM to enable the College to continue to provide my future colleagues with the same quality education I received."

– **Paul Krajewski, MS/PA-C '00**
Assistant Professor, Physician Assistant Studies

PHILADELPHIA COLLEGE OF OSTEOPATHIC MEDICINE
Office of Alumni Relations & Development, 4180 City Avenue, Philadelphia, PA 19131

Embracing Tradition

A 111-year tradition of education provides the framework for innovative teaching of graduate programs clinicians, educators, researchers, administrators and entrepreneurs. Highly-qualified faculty use state-of-the-art teaching technologies combined with field experience, challenging curriculum and practical skills.

The PCOM Advantage

A continual focus on innovation empowers students in all programs to reach the highest level of accomplishments in their chosen professions. PCOM achieves this goal by providing:

- High-tech clinical skills labs, assessment centers and simulation suites
- Robust digital library collection available anytime, anywhere
- A growing and interactive multicultural research program
- A standardized patient lab that simulates both mental and physical conditions for learning and skills enhancement in all programs
- Expanded student affairs department offering comprehensive professional development support including individual counseling and guidance in career preparation
- Inter-professional opportunities to work with other students to appreciate the importance of teamwork within the graduate programs

Say Yes ...

"In a very short time span, PCOM has grown from a single-purpose institution to one with continually expanding graduate and professional education opportunities for our students and community, offering programs that have won national distinction. PCOM's expanding scope and reputation will continue to pay a lifetime of dividends to all whose diplomas bear PCOM's name. The willingness of our graduates to find a way to contribute to PCOM will enable the College's continued growth.

— *Robert Cuzzolino, EdD*
Vice President for Graduate Programs and Academic Planning

"I had a wonderful education at PCOM. I continue to invest in PCOM to ensure that current and future students also receive a great education."

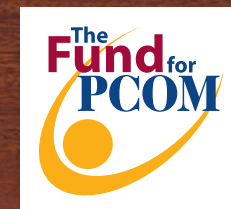

— *Quintina Herrera, MS '07, Master of Biomedical Sciences Program; Alumni Association of PCOM Board Director*

Do you remember the excitement of receiving your acceptance letter from PCOM?

Yes! You chose to become a member of the PCOM community.

Your dream of a graduate degree began at Philadelphia College of Osteopathic Medicine.

Now we are asking you to say YES again to PCOM!

By giving to PCOM, you help your college to continue to grow as a leading institution in graduate and professional education.

The Fund for PCOM provides a critical and flexible stream of dollars to develop and enhance our academic programs and services to grow and expand our graduate programs – The PCOM Advantage.
