CONTINUING EDUCATION CREDIT
Physicians: Philadelphia College of Osteopathic Medicine has requested that the AOA Council on Continuing Medical Education approve this program for twenty AOA Category 1-A CME credits. Approval is currently pending. Sign-in and full day attendance of program required for credit. All faculty participating in continuing medical education programs sponsored by PCOM are expected to disclose to the program audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s).

PROGRAM OBJECTIVES
The 23rd Annual Family Weekend CME program is targeted to the needs of the osteopathic family physician and other primary care health providers.

UPON COMPLETION OF THE PROGRAM, THE PARTICIPANT SHOULD BE ABLE TO:
• Understand family and patient perspectives when death is approaching.
• Discuss the key elements of successful population health management.
• Identify the distinction between Addiction & Depression, with brief screening and intervention as well as referral for treatment.
• Recognize causes for alarm in children with abdominal pain.
• Understand the societal damage of diverted prescription medication and the resultant criminal activity.
• Understand the appropriate testing for children with chronic abdominal pain.
• Describe the American Academy of Pediatrics’ evidence supporting early literacy and early learning.
• Understand the role of the expert witness and communicate well with attorneys and jurors.
• Understand that clinical outcome trials in diabetes mellitus are measures to assess CVD safety. They provide another tool for the primary care provider to use in patient management.
• Identify the levels of service provided to students by the school systems and the Physician’s role in that system.
• Identify the presentation of students with ADHD, Autism, and MTS in the classroom and the level of service support they would recommend.
• Describe the epidemiology, clinical manifestations, management and prevention of Zika Virus Disease.
• Discuss diagnostic testing and mention the recommendations for pregnant women.
• Develop a tailored clinical algorithm to the management of acute diarrheas.
• Summarize the epidemiology of the most common genital sexually transmitted infections (STIs) in the United States.
• Understand the elements of an antibiotic stewardship program.
• Recognize that certain lab tests do not necessarily reflect suggested medical conditions and require clinical correlation.
• Identify in the elderly population who would benefit from antimicrobial therapy rather than observation.
• Define Sepsis and Septic Shock according to the 2016 Task Force recommendations.
• List the advances that have contributed to the decreased mortality of Sepsis.
• Improve their diagnostic skills and understand the pitfalls that might possibly result in medical and legal problems for the physician and patient.
• Become familiar with some of the tropical/unique diseases seen in austere environments or in travel medicine clinics (e.g., returning travelers).

HOTEL ACCOMMODATIONS
A block of rooms has been reserved for registrants and their guests at the Hershey Lodge. Special Rates: $269.00 single/double. Reservations: call (800) 533-3131 or (717) 533-3351 and mention PCOM’s twenty-third Annual Family Weekend seminar. Participants must secure their own hotel accommodations. Charges for room and tax are on an individual basis. In order to receive this special rate, reservations must be made before the room block expiration date of May 22, 2016. Check-in time: 4:00 p.m. Check-out: 11:00 a.m. In case of emergency, you may be reached at the seminar by calling (717) 533-3351.

REGISTRATION
To register for CME, please complete the attached registration form and return with your payment. Weekend fee: $650.00 for physicians, $550.00 for physician assistants, which includes continental breakfasts and reception on Saturday. Registration for individual days and fees are on the registration form. Due to the anticipated large response, pre-registration is required and cannot be confirmed without tuition fees. Registration fees are non-refundable unless cancellations are made 10 days prior to program date. Further inquiries, contact Linda Miller, CME Coordinator, at (215) 871-6348.

RECREATION
Hershey Park discounted admission tickets will be available at the box office concierge desk and a free shuttle is provided from the hotel. The Hershey Lodge also features indoor outdoor pools, sauna and whirlpool, fitness facility, miniature golf, game room and many other activities. Enjoy shopping at area shops, including the Factory Stores, which is one block east of Hershey Park. Registrants will receive a booklet filled with all the information needed to plan a fun-packed family weekend. Directions will also be included.
