Subject: Student Emergency Fund

To:

Dear Students,

PCOM is proud to announce the creation of the **Student Emergency Fund (SEF)** in an effort to provide relief for students having financial hardships. This fund was made possible by generous donations from the PCOM Alumni Association, alumni, faculty, staff, and friends of PCOM.

The SEF is designed to provide relief to students who need assistance with **unexpected and additional costs** related to basic needs such as housing, food, travel, healthcare, and other personal expenses incurred as a result of personal or a national emergency such as COVID-19. The Offices of Student Affairs and Financial Aid ask that if you are in hardship, please complete the following [PCOM Student Emergency Fund Application](#). Please note that completion of the survey does not guarantee funding will be provided; however, every effort will be made to assist the student.

Stay Safe,
Student Affairs
