The report encourages the reporting of all crime occurrences. The report describes how and to whom to report crimes.

The University’s Clery Notice is printed and distributed to all current students/employees and is made available to all prospective students/employees using a variety of methods to ensure University wide dissemination to satisfy federal law mandates. 3.00 REPORTING CRIMES AND OTHER INCIDENTS

Security and public safety is a shared responsibility. All are encouraged to report crimes and suspicious activity to Public Safety immediately. To report a crime or incident, call 215-871-6351 or (X6911) on Main Campus or at the health clinics, 678-225-7451 (x7451) on Georgia Campus, or South Georgia Campus 229-668-3290 or (X3290). Dispatchers are available at these numbers 24 hours a day to answer your call. Immediate threats or events requiring emergency assistance should be reported directly to 911. However, if 911 is called first, Public Safety should be notified immediately afterwards so that Public Safety can assist the local law enforcement departments where the emergency is located.

Emergency “Blue Light” phones can also be used to report an emergency. Emergency phones are located in various areas on all campuses. These phones are free standing and have a Blue Light located on top that does not require dialing. Press the large red button and wait for the Public Safety dispatcher to answer. The phones are equipped with an enhanced system that identifies your location for the Public Safety dispatcher.

In addition to reporting directly to Public Safety or the Campus Security Authorities, sexual misconduct can be reported on line at <https://www.pcom.edu/title-ix/> and other public safety concerns can be submitted at <https://secure.ethicspoint.com/domain/media/en/gui/52917/index.html>. These sites should not be used to report events presenting an immediate threat to life or property. Reports through these sites may not receive an immediate response. Events requiring emergency assistance should be directed to Public Safety or 911.

3.01 Campus Security Authorities

Although we encourage the reporting of crime directly to Public Safety, in some instances members of the campus community may choose to file a report with one of the other campus security authorities (CSA). The campus security authorities include:

- The Provost
- Dean, School of Health Sciences
- Dean, School of Professional and Applied Psychology
- Dean and Chief Academic Officer, School of Pharmacy
- Chief Student Affairs Officer
- Executive Director, Student Affairs

- Equity and Title IX Coordinator
- Chief Human Resources Officer
- Director, Public Safety (Philadelphia Campus)
- Assistant Director, Public Safety (Philadelphia Campus)
- Director, Public Safety (Georgia Campus)
- Assistant Director, Public Safety (So. Georgia Campus)

The CSAs work closely with the Department of Public Safety to ensure the safety of our community.

3.02 Confidential Reporting

The Department of Public Safety allows for confidential reporting, except as required by law. Victims who do not want to pursue action within the College or the criminal justice system can make a confidential report on any crime. The Department of Public Safety can file a report of the incident without revealing the identity of the victim. The local Police Department will be notified as well. The College will guide victims through the available options and support the victims in their decision. Various counseling options are available at the College, and outside resources are available as well.

The purpose of such a report is to comply with the victim's wishes to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. With this information, the College can keep and disseminate accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the community to potential danger.

In addition to these avenues, sexual misconduct can be reported confidentially on line at <https://www.pcom.edu/title-ix/> and other public safety concerns can be submitted confidentially at <https://secure.ethicspoint.com/domain/media/en/gui/52917/index.html>. Do not use these sites to report events presenting an immediate threat to life or property. Reports filed on any crime, in this manner, are counted and disclosed in the annual crime statistics for the College.

3.03 Institutional Response

When an incident is reported, the appropriate support, usually a Public Safety Officer, is immediately sent to investigate. An incident report is generated and will be investigated accurately and promptly. The community is made aware of incidents that impact the entire community through the appropriate administrator, campus email, public address system, or by college-wide posting of safety alerts.

PCOM works cooperatively with the Philadelphia Police Department, Gwinnett County Police Department, Moultrie Police Department and the state police, as appropriate. PCOM Public Safety has an excellent working relationship with Local enforcement agencies. Although there is

no written memorandum of understanding, all departments share information needed to provide professional service to the community.

3.04 Staff and Faculty Disciplinary Referrals

Regardless of criminal prosecution decisions, all criminal cases involving students are referred by the Department of Public Safety to the Chief Student Affairs Officer and/or the Title IX coordinator, as appropriate. When there is evidence that a student has committed a crime on campus, disciplinary action at the college may proceed whether or not criminal charges involving the same incident have been adjudicated or dropped. The College does not have student organizations with off-campus locations.

3.05 Timely Warning

Philadelphia College of Osteopathic Medicine has implemented an emergency notification system (P.E.N.S.) that will inform students, faculty and staff in the event of an emergency through phone, text- messaging, or e-mail. The system uses Omnilert e2Campus, a web-based, mass notification system that allows College administrators to send alerts instantly and simultaneously to students, faculty and staff's cell phone or email simultaneously.

In the event of an immediate hazard, a serious or ongoing threat to Public Safety, a text message, email, or SMS message will be sent out, via P.E.N.S. and a public alert announcement will be made, if necessary. The announcement will be followed by instructions. When the crisis has passed, an all-clear will be sounded. For more information about P.E.N.S, please contact the Department of Public Safety.

3.06 Police Daily Crime Log

A daily log of all criminal offenses reported on the campus is maintained by the Department of Public Safety and is available online at [www](https://www.pcom.edu/about/departments/security/).

<https://www.pcom.edu/about/departments/security/>

The Department of Public Safety may withhold information from the daily crime log if the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to evade detection or flee, and/or result in the destruction of evidence.

PCOM's crime log covers the most recent 60-day period and is open for public inspection during normal business hours. Crime log information dating back more than 60 days will be made available for inspection within two business days of a written request.

4.0 PCOM SECURITY AND PUBLIC SAFETY DEPARTMENT

The mission of the PCOM Public Safety Department is to enhance the quality of life at PCOM by providing a safe and secure environment that is conducive to learning and is consistent with the educational goals of the institution, while building community partnerships that foster trust, mutual respect and cooperation.

The primary goal of the PCOM Public Safety Department is to protect life and property. The Public Safety Staff consists of two Directors (1) at the PCOM Main Campus in Philadelphia and (1) at the PCOM Georgia Campus, and two Assistant Directors (1) at the PCOM Main Campus and (1) at the South Georgia Campus. No member of the Public Safety team has arrest powers and their jurisdiction and authority are limited to the PCOM campuses and other PCOM owned properties. Public Safety enforces the College policy as well as assists local police authorities enforcing Pennsylvania and Georgia state law and Federal law.

While PCOM does not currently have a Memorandum of Understanding with any local law enforcement agency, the Public Safety Department relies on its close working relationships with local law enforcement agencies to receive information about criminal incidents in which students or employees may be involved. The Department of Public Safety will actively investigate any crime information it receives concerning or involving a member of the PCOM community. If the college is notified of a situation in which a campus community member is a victim of a crime, even if the crime occurred several blocks or miles away, the department may issue a Crime or Safety Alert detailing the incident and providing tips so that community members have adequate information regarding potential risks.

PCOM currently contracts with Allied Universal Security Services (AUS), a leading security and facility services company. AUS provides PCOM with contracted security officers dedicated to providing first-class service to the PCOM community. Officers are stationed at the entrances to buildings and patrol the campus on foot and in vehicles. Officers are on duty 24 hours a day. The security staff is trained to answer calls for service, dispatch officers and other emergency services to incidents and monitor intrusion detection and fire alarms.

4.01 Security and Facility Access

Public Safety also has responsibility for locking and unlocking campus buildings based on use, class schedule, and special events. Access to institutional facilities by employees is on an as-needed basis and incorporates strict key and access control procedures. Visitors to the campus seeking access to campus buildings and facilities for special events must do so through an individual host, a sponsoring department, or reservation.

The policy at PCOM is to provide easy access to authorized individuals. That access must be consistent with safety and the security of community member's property and that of the college. Facilities maintenance and landscaping are maintained in a manner that minimizes hazardous conditions. The Department of Public Safety regularly patrols the campuses and reports malfunctioning lights and other unsafe physical conditions to the Plant Operations Department

for repair. Other members of the college community should promptly report public safety concerns to the Department of Public Safety.

5.00 PREVENTION AND AWARENESS PROGRAMS

While crime prevention is a top priority of the Department of Public Safety, the department cannot protect everyone everywhere at all times. Thus, every member of the community is invited to partner with the department in this important effort. Together with other campus offices, the department provides programs to enhance personal safety, teach proactive crime reduction strategies and help community members develop personal safety habits, which contribute to a healthy community.

5.01 Prevention Programs

The crime prevention strategy rests on a multi-layered foundation of proactive area patrol of the campus, crime prevention education and training, and building and area security surveys. This approach relies on the dual concepts of eliminating or minimizing criminal opportunities, whenever possible, and encouraging community members to take responsibility for their own and others' safety.

Members of the Department of Public Safety are available to assist any individual or group in planning, presenting and coordinating programs of interest or concern, or conducting safety and security seminars. These seminars can be tailored to meet the needs of the group and can be arranged by calling the department at 215-871-6351 on the Main Campus, or at the health clinics, or 678-225-7451 on Georgia Campus and for the South Georgia campus at 229-668-3290.

Campus Crime and Safety Alerts are released by the department any time a crime or other serious incident affects the safety of the community. See SECTION 3.05 - Timely Warning Notices – Crime, Safety & Emergency Alerts.

Emergency Phones: These two-way call boxes are located strategically around campus. They allow an individual in need of assistance to speak directly with a security officer. Activation of the call button on the pedestal "blue light" model immediately identifies the caller's location, and the security guard will direct the appropriate emergency response personnel to the caller.

A Security Escort Service coordinated by the Department of Public Safety operates 24/7. The service serves the geographical areas surrounding all PCOM campuses. The service can be requested by calling 215-871-6351 on the Main Campus, or at the health clinics, 678-225-7451 on Georgia Campus and 229-668-3290 for the South Georgia campus.

5.02 Educational Programs

All new students complete a mandatory training program through PCOM online learning platform, SafeColleges. This training consists of modules covering Campus Save (Sexual Violence), Title IX rights, Drug Awareness and Abuse, and Alcohol Awareness. During student orientation the Director of Public Safety provides information on Active Shooter and campus

emergency protocols and procedures. Returning students are provided similar topic education through an optional panel presentation, involving the Title IX Coordinator and representation from local law enforcement, local crisis centers and faculty.

Faculty and Staff are required to complete an annual, mandatory training program through SafeColleges covering Title IX and Sexual Misconduct.

5.03 Counseling Services

PCOM offers free student counseling services to all PCOM students through the Office of Student Affairs. This service offers students the opportunity to talk privately about personal, academic, or other concerns in a safe, confidential setting. “Professional Counselors,” such as the Personal Support Counselors at PCOM, are not considered to be campus security authorities when acting in their professional capacity and are not required to report crimes for inclusion into the annual disclosure of crime statistics. PCOM does not require professional counselors to encourage clients to voluntarily and confidentially report crimes for inclusion in the crime statistics.

In Philadelphia, the following external organizations are also utilized as a resource for students:

Victim Services Center of Montgomery County
325 Swede Rd Norristown, PA 19401
www.victimservicescenter.org
24 hour hotline: 888-521-0983

Philadelphia, PA 19103
24 hour hotline: 215-985-3333

In Georgia (including South Georgia):

6.00 ALCOHOL AND OTHER DRUG POLICIES

It is the policy of PCOM to maintain an environment that is free of substance abuse by students, faculty and employees. The policy includes a prohibition against unlawful presence of controlled substances on campus, a prohibition against the unauthorized presence of alcoholic beverages on campus, and a prohibition against being under the influence of any controlled substance at off-campus classes, seminars or off-campus clerkships or internships.

When a student is suspected of being under the influence of alcohol or drugs, that student will be reported to the Student Affairs Director on their respective campus. Appropriate actions will be taken. This may include referral to counseling support programs, suspension or termination of enrollment at PCOM.

The Department Public Safety complies with federal, state and local laws including those which regulate the: manufacture, sale, purchase, transportation, possession and use of alcoholic beverages, controlled substances, and weapons. Regulations will be enforced by Public Safety and the local police departments.

The substance abuse policy is located in the College Policies Section of the Student Handbooks pamphlet.

6.01 Available Substance Abuse Support

The College policy on drug and alcohol abuse represents the intent of the College to enable students to resolve substance abuse problems by requesting and receiving compassionate, confidential professional assistance.

In an effort to help our students and to protect patients and others from the harm that an impaired student may cause, PCOM's goals include:

- i. Providing effective and compassionate assistance to the impaired student before irreversible harm is done to his/her health, educational process, eligibility for licensure, or ability to function competently upon graduation.
- ii. Providing a means by which the impaired student may request and receive confidential professional assistance without stigma or penalty, and thereby encourage self-reporting and personal responsibility.
- iii. Enabling the impaired student to confront his/her problem and, where feasible, receive effective therapy with minimal disruption of the student's education.
- iv. Establishing a process that focuses on counseling and therapy as a front-line approach before disciplinary action is necessary.

Additional resources can be found on the Mental Health and Wellness section of MyPCOM.

Students concerned about substance abuse should contact the Student Affairs Director on their respective campus or Carebridge, the confidential student counseling services resource PCOM provides to all students, at 1-800-437-0911 (www.myliferesource.com). Additional information about Carebridge services is provided on the Resources Section on PCOM's intranet site.

If a student suspects impairment of another student, students should seek guidance from the Student Affairs Director on their respective campus.

6.02 Alcohol and Drug Abuse Education Programs

All new students complete a mandatory training program through PCOM online learning platform, SafeColleges. This training includes Drug Awareness and Abuse, and Alcohol Awareness. Returning students are provided similar topic education through an optional panel presentation.

7.00 SEXUAL MISCONDUCT AND HARASSMENT PREVENTION

The PCOM public website with titleIX info is <https://www.pcom.edu/title-ix/>

8.0 SEX OFFENDER REGISTRY AND ACCESS TO RELATED INFORMATION

The federal Campus Sex Crimes Prevention Act, which went into effect in October of 2002, requires that colleges and universities issue a statement informing the community where state law enforcement agency information pertaining to registered sex offenders may be found.

Megan's Law requires that the State Police establish and maintain a registry of individuals who have either been convicted of, pled guilty to, or were adjudicated delinquent of certain sex offenses, certain information on registered sex offenders to the public through a website. To find the sex offender registry for Pennsylvania, visit: <https://www.pameganslaw.state.pa.us/> To find the sex offender registry for Georgia, visit <https://gbi.georgia.gov/georgia-sex-offender-registry>

9.0 MISSING STUDENT NOTIFICATION

If a member of the College community has reason to believe that a student is missing, contact Public Safety immediately. Public Safety will generate a missing person report and initiate an investigation in conjunction with local law enforcement.

After investigating the missing person report, should Public Safety determine that the student is missing and has been missing for 24 hours (or sooner if circumstances warrant it), regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, the Local Police Department will be informed within 24 hours.

10.0 FIRE SAFETY

Fire safety is a high priority at the Philadelphia College of Osteopathic Medicine. Fire and life safety system testing, fire safety inspections, fire drills, false alarm prevention activities, and fire safety information for students help to make on-campus student housing safer from fire. The following information comprises the PCOM Fire Safety Report required by 34 CFR 668.49 for each on-campus student housing location. The Meta Christy House is the only on-campus housing facility and is located on the Philadelphia campus.

NOTE: The Meta Christy House accepted the first residents in May of 2021.

10.1 Fire statistics for each on-campus student housing facility (three most recent calendar years) (34 CFR 668.49(2)(b)(1)):

	Year	On-Campus Student Housing Facility
		Meta Christy House
Number of Fires (See details below for causal information)	2021	0
	2020	N/A
	2019	N/A
Number of persons receiving fire-related injuries	2021	0

10.2 Description of each on-campus student housing facility fire safety system (34 CFR 668.49(2)(b)(2))

The only student housing owned or operated by PCOM is the Meta Christy House located at 4001 Monument Road, Philadelphia, PA. The Meta Christy House accepted the first residents in May of 2021. The structure is protected by a wet pipe sprinkler system on all floors. Fire department suppression equipment has access to the west, south, and north sides of the structure. Portable fire extinguishers are located throughout the facility. A complete fire alarm system consisting of manual pull stations, audible voice/visible alarms, sprinkler water flow, and valve supervisory devices and duct smoke detectors (supervisory signal only) has been installed. Single station local smoke alarms are located in all apartments. The annunciator panel is located inside the front door of the facility.

10.3 Fire Drills (34 CFR 668.49(2)(b)(3))

Fire drills are conducted at least biannually for each building on campus. The Department of Public Safety along with the Occupational and Environmental Safety Department works with Plant Operations to identify and correct any fire, safety, or security hazards.

10.4 Institutional policies on portable electric appliances, smoking, and open flames in student housing, evacuation procedures, and fire safety education (34 CFR 668.49(2)(b)(4-6))

PCOM policy bans both smoking and smokeless tobacco products completely on all PCOM properties. These include cigarettes, cigars, pipes and products such as electronic smoking devices. Fire Evacuation Drills are supervised and conducted by the the Occupational and Environmental Safety Department with support from The Department of Public Safety and Plant Operations at least biannually in all campus buildings. Self-evacuation by all occupants is mandatory whenever the fire alarm system is activated. All students and employees are assigned mandatory fire safety training annually through the Safe Colleges training platform. PCOM does not have a published policy on electric appliances or open flames, however consultation on both topics is available from the Department of Occupational and Environmental Safety to address concerns.

10.5 Reporting a fire (34 CFR 668.49(2)(b)(7))

Any resident of the Meta Christy House that sees or smells smoke or flames, or when the fire alarm sounds, should follow the following procedures:

1. If you discover a fire, pull the manual fire alarm, if it hasn't already been activated.
2. Call 911 and give the location of the fire. Notify the Department of Public Safety at 215-871-6351 after 911 has been notified.
3. Fire extinguishers should only be used if you are trained to use them and only after the alarm has been pulled and 911 has been called.
4. Evacuate the building using the nearest stairwell. Do Not Use Elevators.
5. Make use of the nearest exit door to the outside of the building, doors marked for emergency should be used; a fire alarm is an emergency!
6. Once outside, move across the street or down the sidewalk, away from the building entrance.
7. Do not re-enter the building until the all clear is given by the fire officer in charge or College Public Safety personnel.

11.0 POLICY ON THE POSSESSION OF DANGEROUS ARTICLES

It is the policy of PCOM to provide a safe work environment for our students and employees. We are committed to providing a work and learning environment free from dangerous articles of any kind.

Possession of firearms on the PCOM campus is strictly forbidden. Faculty, students, employees or visitors may not possess or use firearms, ammunition, knives and other weapons, gunpowder, fireworks, explosives, gasoline and other dangerous articles and substances on college property. Normal laboratory materials are excluded from this policy when used in a laboratory setting. This policy applies regardless of any permits the student or employee may own.

An individual who violates this policy should be reported to the Public Safety Department on their campus. Violators will be subject to immediate dismissal and/or civil or criminal action.

For more detail see PCOM's Possession of Dangerous Articles Policy can be found on the Resources Section of myPCOM.
