3.0 REPORTING CRIMES AND OTHER INCIDENTS

Security and public safety is a shared responsibility. All are encouraged to report crimes and suspicious activity to Public Safety immediately. To report a crime or incident, call 215- 871-6351 or (X6911) on Main Campus or at the health clinics, 678-225-7451 (x7451) on Georgia Campus, or South Georgia Campus 229-668-3290 or (X3290). Security Officers are available at these numbers 24 hours a day to answer your call. Immediate threats or events requiring emergency assistance should be reported directly to 911. However, if 911 is called first, Public Safety should be notified immediately afterwards so that Public Safety can assist the local law enforcement departments where the emergency is located.

Emergency “Blue Light” phones can also be used to report an emergency. Emergency phones are located in various areas on all campuses. These phones are free standing and have a Blue Light located on top that does not require dialing. Press the large red button and wait for the Public Safety dispatcher to answer. The phones are equipped with an enhanced system that identifies your location for the Public Safety dispatcher.

In addition to reporting directly to Public Safety Officers or the Campus Security Authorities, public safety concerns, including sexual misconduct, can be reported to EthicsPoint at 1-844- 337-3613 or online at <https://secure.ethicspoint.com/domain/media/en/gui/52917/index.html>. You may also report sexual Misconduct at <https://www.pcom.edu/title-ix/>. These sites should not be used to report events presenting an immediate threat to life or property. Reports through these sites may not receive an immediate response. Events requiring emergency assistance should be directed to Public Safety or 911.

3.02 CONFIDENTIAL REPORTING

The Department of Public Safety allows for confidential reporting, except as required by law. Victims who do not want to pursue action within the University or the criminal justice system can make a confidential report on any crime. The University will guide victims through the available options and support the victims in their decision. Various counseling options are available at the University, and outside resources are available as well.

The purpose of such a report is to comply with the victim's wishes to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. With this information, the University can keep and disseminate accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the community to potential danger.

3.03 INSTITUTIONAL RESPONSE

When an incident is reported, the appropriate support, usually a member of the Public Safety Department, will be immediately sent to investigate. An incident report is generated and will be investigated accurately and promptly. The community is made aware of incidents that impact the entire community through the appropriate administrator, campus email, public address system, or by University-wide posting of safety alerts.

PCOM works cooperatively with the Philadelphia Police Department, Gwinnett County Police Department, Moultrie Police Department and the state police, as appropriate. PCOM Public Safety has an excellent working relationship with local law enforcement agencies.

Although there is no written memorandum of understanding, all departments share information needed to provide professional service to the community.

3.04 STAFF AND FACULTY DISCIPLINARY REFERRALS

Regardless of criminal prosecution decisions, all criminal cases involving students are referred by the Department of Public Safety to the Chief Student Affairs Officer, Equal Opportunity and Access Manager or Chief Legal Affairs & Compliance Officer as appropriate. When there is evidence that a student has committed a crime on campus, disciplinary action at the University may proceed whether or not criminal charges involving the same incident have been adjudicated or dropped. The University does not have student organizations with off-campus locations.

3.05 TIMELY WARNINGS AND EMERGENCY NOTIFICATIONS

Timely Warning: When a Clery Act crime is reported and occurs in or on the institution's Clery geography; and the crime represents a serious and continuing threat students and employees. A timely warning will be sent to the campus community. The Public Safety Leadership team is responsible for disseminating timely

warning and emergency notification to their respective campus.

Before sending a timely warning the nature of the crime will be assessed and determine if a continuing threat exists to the campus community. A warning can also be issued for non-violent crimes, such as car thefts, burglaries, etc.

Emergency Notification:

Once an imminent emergency is identified and confirmed by Public Safety Leadership the following steps will be taken:

- Alert the campus community through the public address system
- Send an emergency notification using the PENS system
- Security officer will provide guidance and directions to student, staff and faculty on campus

3.06 POLICE DAILY CRIME LOG

A daily crime log of all criminal offenses reported on the campus is maintained by the Department of Public Safety and is available online at <https://www.pcom.edu/about/departments/security/>

The Department of Public Safety may withhold information from the daily crime log if the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, causing a suspect to evade detection or flee, and/or result in the destruction of evidence.

4.0 PCOM SECURITY AND PUBLIC SAFETY DEPARTMENT

The mission of the PCOM Public Safety Department is to enhance the quality of life at PCOM by providing a safe and secure environment that is conducive to learning and is consistent with the educational goals of the institution, while building community partnerships that foster trust, mutual respect and cooperation.

The primary goal of the PCOM Public Safety Department is to protect life and property. The Public Safety Team consists of three Directors (1) at the PCOM Main Campus in Philadelphia and (1) at the PCOM Georgia Campus, and (1) at the PCOM South Georgia Campus. There are two Assistant Directors (1) at the PCOM Main Campus and (1) at the Georgia Campus. No member of the Public Safety team have arrest powers and their jurisdiction and authority are limited to the PCOM campuses and other PCOM owned properties.

Public Safety enforces the University policy as well as assists local police authorities and enforcing Pennsylvania and Georgia state law and Federal law.

While PCOM does not currently have a Memorandum of Understanding (MOU) with any local law enforcement agency, the Public Safety Department relies on its close working relationships with local law enforcement agencies to receive information about criminal incidents in which students or employees may be involved. The Department of Public Safety will actively investigate any crime information it receives concerning or involving a member of

the PCOM community. If the college is notified of a situation in which a campus community member is a victim of a crime, even if the crime occurred several blocks or miles away, the department may issue a Safety Alert detailing the incident and providing tips so that community members have adequate information regarding potential risks.

PCOM currently contracts with Allied Universal Security Services (AUS), a leading security and facility services company. AUS provides PCOM with contracted security officers dedicated to providing first-class service to the PCOM community. Officers are stationed at the entrances to buildings and patrol the campus on foot and by vehicles. Officers are on duty 24 hours a day. The security staff is trained to answer

calls for service, dispatch officers and other emergency services to incidents and monitor intrusion detection and fire alarms .

Security officers are trained biannually in CPR and First Aid. Security officers are trained to detect, deter and report crimes on campus. Incident reports are used to capture incidents.
