PCOM GEORGIA SCHOOL OF PHARMACY TECHNICAL STANDARDS FOR ADMISSION AND MATRICULATION

All PCOM admitted applicants and current/enrolled students (**candidates**) must meet the Technical Standards set forth below. Therefore, all candidates are required to **attest at the time they accept an offer to matriculate** that they meet the Technical Standards, with or without reasonable accommodations and they **must attest on an annual basis** that they continue to meet the standards. These standards are not intended to deter any candidate who might be able to complete the requirements of the curriculum with reasonable accommodations. **Please closely review the required Technical Standards before completing this form**

This form is used by a candidate to give notice to the College that the candidate **either satisfies, or is not capable of satisfying** the Technical Standards based on an ADA-recognized disability **with or without accommodation**.

For each Technical Standard: Candidate must check either "I will require accommodations" to meet the standard or "I will not require accommodations" to meet the standard.

For candidates requiring and requesting accommodations associated with a Technical Standard: Upon submission of the completed Technical Standard Form, you should email Disability Services (disabilityservices@pcom.edu) for instructions on submitting your accommodations request. You will be required to show documentation associated with each accommodation you are requesting, for every Technical Standard for which you will require accommodations to meet that standard.

Official matriculation and continued enrollment into or in a degree program **cannot be confirmed** unless the Technical Standards Form is completed and returned.

Please Note:

If other factors, such as cultural traditions or religious requirements, would preclude you from meeting the Technical Standards, you may **not** request other accommodations on this form, as these factors do not relate to an ADA-recognized disability. However, if such factors apply, you are advised to contact the [Equity and Title IX Coordinator](mailto:titleixcoordinator@pcom.edu) (titleixcoordinator@pcom.edu) to discuss the issues and request accommodation. While such requests will be reviewed and considered, there is no assurance that an accommodation will be offered.

PCOM GEORGIA SCHOOL OF PHARMACY Technical Standards and Professional Expectations

PCOM Georgia School of Pharmacy is committed to the admission and matriculation of all qualified students. PCOM prohibits discrimination on the basis of age, race, sex, color, gender, gender identity and expression, national origin, ethnicity, ancestry, sexual orientation, religion, creed, disability, genetic information, marital status or any other legally protected class status in all its programs, activities, and employment practices. All PCOM Georgia School of Pharmacy applicants and continuing students, collectively referred to as "Candidates", including those individuals with disabilities, must have the specific qualifications, referred to as "Technical Standards," necessary to complete their course of study in a reasonably independent manner and to promote and protect the health and safety of the patients for whom the School's students and graduates will eventually care.

The holder of a PharmD degree must have the knowledge, skills, attitudes and values to function in a variety of pharmacy practice settings. In order to ultimately perform the activities of a pharmacist, Candidates for the PharmD degree must be able to consistently, quickly and accurately assimilate a large body of medical information received in a variety of formats including written, oral and sensory in order to prepare pharmaceutical plans for their patients. These plans may involve ongoing assessment and counseling as well as the preparation of prescription and nonprescription medications or dietary supplements. These activities involve not only intellectual ability, but also observational, communication, motor, and behavioral skills.

Professional Expectations

Students are expected to adhere to a standard of behavior and conduct consistent with the high standards of the healing and scientific profession. All students are expected to:

1. Respect the right of their fellow students to pursue their studies in a professional environment conducive to study.
2. Maintain professional interpersonal relationships by demonstrating civility and respect for each other.
3. Uphold the highest standard of academic honesty and integrity.
4. Show respect for the diversity, which exists among students, faculty and patients in regard to disability, social background, age, gender, religious beliefs, race, sexual orientation, and particular disease process.
5. Fulfill their responsibilities to their peers and patients in group work, including clinical clerkships and outside training assignments.
6. Adhere to all of the policies of the College, including those prohibiting discrimination or harassment.

Students also understand that they are required to meet all of the standards and expectations for classroom testing and assessment. The College realizes that emergencies may occur after matriculation, and will address these concerns as the need arises.
