PHILADELPHIA COLLEGE OF OSTEOPATHIC MEDICINE has trained over 15,000 highly competent, caring physicians, health practitioners and behavioral scientists who practice a “whole person” approach, treating people, not just symptoms. PCOM offers the doctor of osteopathic medicine degree, the doctor of pharmacy degree and graduate programs in clinical and school psychology, physician assistant studies, forensic medicine, organizational development and leadership, and biomedical sciences. Our students learn the importance of health promotion, education and service to the community and, through PCOM's Healthcare Centers, provide care to medically-underserved populations in inner city and rural locations.
