OBJECTIVES:

- Demonstrate osteopathic manipulative techniques (OMT) for common conditions seen in the primary care setting, such as headache, concussion, musculoskeletal complaints, ENT and gastrointestinal issues
- Explain OMT billing and coding and discuss its importance to running a practice
- Describe practical considerations for incorporating OMT in the office-based setting

CONTINUING EDUCATION CREDIT

Accreditation Statements:

AOA Credit: The Philadelphia College of Osteopathic Medicine is accredited by the American Osteopathic Association of medical education for physicians. The Philadelphia College of Osteopathic Medicine designates this program for a maximum of 8 hours of AOA Category 1-A credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

AOA Credit Option Only

- 8 Hours of AOA Category 1A if viewed live or reviewed (on-demand) by January 29, 2023.
- 8 hours of AOA Category 1B if watching the on-demand recordings after January 29, 2023 One credit hour for each hour of content reviewed.

ACCME Credit: Accreditation Statement: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Pennsylvania Medical Society through the joint providership of Main Line Health and Philadelphia College of Osteopathic Medicine. Main Line Health is accredited by the Pennsylvania Medical Society to provide continuing medical education for physicians. Credit Designation Statement: Main Line Health designates this live educational activity for a maximum of eight (8) AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the educational activity. Conflict of Interest Statement: Faculty and all others who have the ability to control the content of continuing medical education activities sponsored by Main Line Health must disclose to the audience any financial relationships with ineligible companies within the prior 24 months. Speakers must also disclose discussions of unlabeled/unapproved use of drugs or devices during their presentations.
